Mr. Neil Mortimer, Chairman

Subject: Request for posting of health advisory sign.

Dear Chairman Mortimer,

The Bureau of Indian Affairs, Western Nevada Agency, is in receipt of a letter from the Washoe Tribe regarding the posting of signs on Public Domain Allotments 283/284. Based on the letter, these signs are being posted to warn people utilizing the land or riparian areas about the impacts of acid mine drainage.

The BIA hereby gives the Tribe permission to install these signs as shown on the map. We feel this will provide information necessary to protect not only the landowners but also any other people that may come in contact with resources in this area.

If you have any questions please contact Gerry Emm or Montana Threefingers at (775) 887-3500.

Sincerely,

Superintendent
